A NEW LODGE ORGANIZED.—Seventy-Fifth Ruler of the Order of Knights in the United States, L. H. Patterson, and a number of the officers and members of the Grand Lodge visited this city last night, from Washington, and organized a new lodge, to be known as "Loyal Order of Mechanics, No. 11," by the installation of the following officers: Worthy Master, George P. Hinckley; Junior Master, Thomas Kelley; Chaplain, Charles Goulding; Recording Secretary, James Channing; Financial Secretary, Wm. Knobell; Treasurer, Geo. W. Hidy; Conductor, W. C. Carson. Mr. Jernond was appointed by the Supreme Ruler, Grand District Deputy. At the installation ceremony the officers were entertained at a banquet, which concluded with speeches exchanged, in which who wished to appear against. Mary Burns was found \$100 to correspond with the amount she made Coroona the day yesterday, the evidence showing that the two women were equally at fault and disorderly.

DEATH OF MR. A. J. OGDEN.—Mr. A. J. Ogden, late stamping and sealing clerk in the Postoffice in this city, and an old and respected citizen, died at his residence, on Prince, between Henry and Fayette streets, about half past one o'clock this afternoon, after an illness of only a few days. The funeral will take place Monday afternoon at 3 o'clock.

THE MARKET THIS MORNING.—The market this morning was very poorly supplied, and it is said by the country people that there will be a decrease instead of an increase, in the quantity and quality of the vegetables brought in with the winter advance, as there is only half a barrel of sweet potatoes, a short crop of turnips, and a complete failure of the late Irish potato crop. Mr. Carter Hollings, out of twenty bushels of seed saved, which ought to have yielded three hundred bushels of Irish potatoes, only received about ten bushels, and the same applies to numbers of others in this section. With low supplies, the prices remained unchanged for last Saturday. In the meat market屠夫's market has decreased from 12.50 to 10.12 cents, turkeys 10cts per pound; chickens, dressed, 50cts per pair; celery, 6cts per bunch; butter, raw 20cts per pound; prime, 6cts per pound; eggs 2cts each dozen.

STREET IMPROVEMENTS.—The Superintendent of Police, under the supervision of Captain B. H. Lambeth, the efficient chairman of the Committee on Streets, is making many needed improvements to the streets of the city, for which the residents of the neighborhoods where the work is being performed are very thankful. Franklin street is being graded its entire length, and when completed will furnish an excellent driving ground. The chain gang is at work dredging the southwestern portion of the city as far as to give the people of that section dry way during the winter. The square on Cameron street between Henry and Fayette, near the Washington and Alexandria Railroad, therefore a regular mud hole and much complained of, has been filled in and graded. Mr. Lambeth and Superintendent of Police are doing all in their power to make the streets of Alexandria what they should be.
